Panthers capture 39th District Title!!!

On a night that would seem fit for polar bears, as freezing rain fell from the sky, it would not be the case inside the cozy confines of the Mason County Fieldhouse. The Augusta Panthers and Bracken County Polar Bears met for the 39th district basketball championship. It was the first time the two teams met for a district title since 1982, Augusta's last such title. But things didn't go Augusta's way from the start as Bracken County combined patience on offense and sticky defense to jump out in front 14-5 after a very slow moving 1st quarter. The Polar Bears reached their largest lead at 16-5 just into the 2nd quarter. It was one of only 2 baskets Bracken County would score in the quarter. Augusta meanwhile put 6 points on the board and were down 18-11 at the break.

The Panthers changed things up at intermission. They came out with full court pressure that started forcing Bracken County turnovers and quickly led to Augusta baskets as about midway through the quarter the Panthers took their first lead. The two teams went back and forth through the remaining minutes and were tied at 28 apiece as the 4th quarter began. The dogfight continued until Bracken County got some

breathing room with a 37-31 lead. But the Panthers, as they've done all year, fought back. After Tanner Kelsch took a charge, hit a couple free throws, and Bracken County turned the ball over a couple times which led the Augusta baskets, the game was tied once again. So once again it was back and forth. With just under a minute to go the Polar Bears led 40-39 when Connor Maddox

drained a three on the wing to put Augusta up for good, 42-40. Fellow freshmen Camryn Snapp and Owens Crawford each hit a pair of free throws in the closing seconds in between a Bracken County free throw and basket to make the final score 46-43. The Augusta Panthers were district champions for the first time in 31 years. The win, their 3rd straight, made the Panthers 21-10. This is the fifth

20-win season in Augusta history. Connor Maddox was the only Panther in double figures with 16 points.

"It wasn't pretty but we are district champions," said Coach Hinson, "Give these boys all the credit. They continued to work hard and stay focused and got the job done. I couldn't be more proud. This is huge for the team, the school, and the community."

Scoring against Bracken

County: Maddox 16, Kelsch 9, Bach 6, Snapp 6, Barrett 5, Crawford 4.

Augusta advanced to their 3rd trip to the 10th region tournament where they faced the Scott Eagles on Tuesday night. Score was unavailable at time of press. Boys and Girls 10th Region Tournament brackets can be found on page 14.

PrimaryPlus participates in 26th Ntl. Eating Disorders Awareness Week

The National Eating Disorders Association (NEDA) is launching its 26th annual National Eating Disorders Awareness Week (NEDAwareness Week), Feb. 24 - March 2. In an annual campaign to bring public attention to the critical needs of people with eating disorders and their families, thousands of people come together in communities across the country, including PrimaryPlus, a federally qualified health center with offices located throughout the region, with activities to raise awareness about body image and bring national attention to the severity of eating disorders, which are bio-psycho-social illnesses with potentially devastating, sometimes life-threatening, consequences. While there is hope and recovery is possible – particularly with early intervention – many people suffer from the long-term effects of these illnesses. Awareness of the signs is a good start to determining if you might have an eating disorder. Following are things to watch for. However, it is always best to seek an assessment by a professional.

1. Drastic weight loss.
2. Preoccupation with counting calories.
3. The need to weigh yourself several times a day.
4. Excessive exercise.
5. Binge eating or purging.
6. Food rituals, like taking tiny bites, skipping food groups or re-arranging food on the plate.
7. Avoiding meals or only wanting to eat alone.
8. Taking laxatives or diuretics.
9. Smoking to curb ap-

THE “OTHER” LASER EYE SURGERY

While you may have heard about LASIK (laser-assisted insitu keratomileusis), the laser procedure aimed at permanently correcting refractive errors, you may be less familiar with “photorefractive keratectomy” (PRK). While both surgical techniques use an excimer laser to reshape the cornea and eliminate the need for glasses or contacts, they differ in how the surface layer of the cornea is treated. LASIK involves making a flap on the surface of the cornea, peeling it back, treating the underlying tissue, and placing the flap back in place. PRK simply involves partial vaporization of the cornea’s surface, not the area below. As a result, PRK may be better suited to individuals with thin corneas or with eye conditions such as glaucoma.

Both PRK and ALAIK have enabled millions of people to achieve excellent visual results.

This year’s NEDAwareness Week theme is “Everybody Knows Somebody” because awareness of eating disorders is certainly spreading, as is the knowledge that eating disorders do not discriminate—ANYONE can be affected. NEDA asks everyone to do just one thing to help raise awareness and provide accurate information about eating disorders and PrimaryPlus is doing just that.

PrimaryPlus is participating in the Great Jean Giveaway using the slogan “Be comfortable in your GENES, wear JEANS that fit the real you.” This event is to raise awareness about body image and eating issues. Fighting your natural size and shape can lead to unhealthy dieting practices, poor body image, and decreased self-esteem. We encourage the community and our patients to bring in jeans that no longer fit to promote awareness surrounding this issue. Jeans will then be donated within the community. This event will continue until March 1st. PrimaryPlus’ family health and women’s health offices all have drop off boxes in the waiting areas.

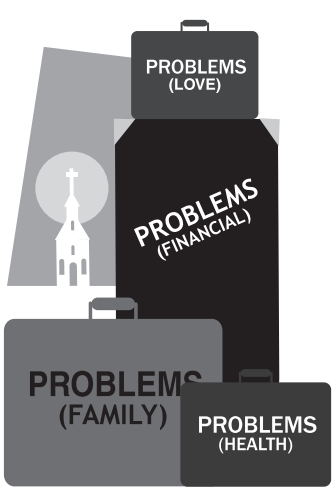

PrimaryPlus is a non-profit, federally qualified health center that has locations in Vanceburg, Tollesboro, Flemingsburg, Maysville, South Shore and Bracken County. PrimaryPlus is always welcoming new patients. PrimaryPlus features the care of three registered dietitians on their staff—Kacy Cluxton-Massie, MS, RD, LD; Stacy Cluxton-Michael, MS, RD, LD and Martha Parker, RD, LD. To learn more about PrimaryPlus’ dietitians, medical providers, services, locations, etc. visit their website at www.primaryplus.net. You can also find them on Facebook at PrimaryPlus2 or on twitter @PrimaryPlus1.

“Each one should test their own actions. Then they can take pride in themselves alone, without comparing themselves to someone else, for each one should carry their own load.”

Galatians 6:4-5

Your Problems Are Portable

People often assume that they can run away from their problems. It can be tempting to think that if you could only trade in your pushy boss and annoying coworkers for a better job elsewhere, all would be well. But, there are pushy bosses and annoying coworkers in most organizations. Perhaps we need to learn how to be more assertive with our boss and coworkers. Many people flee from relationships, assuming the problem is the other person when in fact the problem is at least partly their own doing. I recently heard someone say that everything in their life would be better once they left town. I immediately heard the voice of a wise

counselor who told me years ago that my problems were portable. I have quit more than a few decent jobs because I was convinced that the problem was inherent in the situation rather than in me. I’ve also given up on good relationships because I didn’t have the patience, courage or flexibility to work on my own issues. Many of life’s serious problems boil down to personal issues that we must work through ourselves, and even when the problem really is something or somebody else, how we deal with it matters more than almost anything else in determining the outcome.

Spring is in the Air: Join the Arbor Day Foundation in March & receive free trees

The Arbor Day Foundation is making it easier for everyone to celebrate the arrival of spring through planting trees.

Join the Arbor Day Foundation in March 2013 and receive 10 free white flowering dogwood trees.

“White flowering dogwoods will add beauty to your home throughout the year,” said John Rosenow, founder and chief executive of the Arbor Day Foundation. “Dogwoods are known for their showy spring flowers, scarlet autumn foliage and red berries that attract songbirds during winter.”

The free trees are part of the nonprofit Foundation’s Trees for America campaign. The trees will be shipped postpaid at the right time for planting between March 1 and May 31, with enclosed planting instructions. The 6- to 12-inch trees are guaranteed to grow or they will be replaced free of charge.

Arbor Day Foundation members also receive a subscription to Arbor Day, the Foundation’s bimonthly publication, and The Tree Book, which contains information about tree planting and care.

To become a member of the Foundation and receive the free trees, send a \$10 contribution to TEN FREE DOGWOOD TREES, Arbor Day Foundation, 100 Arbor Avenue, Nebraska City, NE 68410, by March 30, 2013. Or join online at arborday.org/march.

NEW LIFE FELLOWSHIP by Beverly Whittaker

What a wonderful day to worship the Lord this past Sun., Feb. 24. Pastor Virgil and Joyce Hale wrote a beautiful poem "Jesus Is Coming Soon". Aleisha Renfrow and Angela Tucker sang a special "Through The Fire". It is so comforting to know that Jesus is always with us in all our trials.

Today marked the 34th wedding anniversary of Pastor Jeremiah and Susan Hansen. Both of you are wonderful servants for the Lord and we pray for God's continued blessings upon your lives.

Pastor Doug's message was taken from John 5:1-15 where Jesus had healed the lame man at the pool. Pastor Doug posed the question "Do you desire to be made whole?"

Upcoming events: Winter Jam 2013 at Rupp Arena, Lexington, Mar. 16. Doors open at 5 p.m. We will be taking the church van. Our Easter celebration will be Mar. 31. We will be having our New Life egg hunt for the children during our morning worship. There will be special music and worship on Easter Sunday. Don't forget to "spring forward" one hour on Mar. 10.

If you do not have a church home, we invite you to worship with us. Our Wednesday evening meal begins at 6 p.m. and prayer service at 7 p.m. Bible study is each Saturday at 9 a.m. at the church. Kingdom Builders for all ages begin at 9:30 a.m. and praise and worship at 10:30 a.m. Remember God loves you and so do we!

PRESBYTERIAN POTPOURRI

by Les Grooms, pastor Augusta Presbyterian

This past week, we had our second Lenten service in the Trinity United Methodist Church. We had about 80 worshippers. Vidie Grace, Margie, and Paul played the music. The United Methodist minister, Bill Clos, led the worship. Steve Wheeler, pastor of the Church of the Nazarene, had the pastoral prayer, benediction and blessing of the food, and I was responsible for the offering. As always, the Methodists had some great food and the table fellowship lasted for a long time. I really enjoy these Lenten meals because we get to fellowship with other members of the churches in Augusta as well as many who come from Brooksville. This coming Wednesday the Presbyterian Church will be the host church. I know that we are going to have lasagna as well as salads and of course, our great desserts. Come and enjoy the time with us. After Easter we will start back having our Bread Basket meals.

Susie Hargett led the singing Sunday, Shelby England had children's church, Kay Grooms did the power point, and I led the worship in the absence of Millie Bush. We had 52 worshippers in attendance.

We have set the dates of our Vacation Bible School. The dates are June 16-20. Lynn Darnell and Gretchen England will be the co-leaders again.

In the absence of our teacher Earl Bush, Maryalis Brindley led the discussion for our adult Sunday School. We are continuing the study of the Max Lucado book, "Grace". Our class had seven present. There were also about seven present for the children's class.

FIRST BAPTIST CHURCH OF AUGUSTA by Rita Bradford

Hello & God's Blessings from The First Baptist Church of Augusta. The title of Brother Tony's sermon was "Don't Look Back". Genesis Ch. 19 vs. 15-17. The past is done, nothing can be changed by hashing it out over & over again, just move forward keeping your focus on God.

We invite you to come & join us as we strive to maintain our focus on God. Wed. Prayer begins @ 7 p.m. when we come together to realign our sight on the lost & wayward souls. Sunday services begin with Sunday School @ 9:30 a.m. This week's lesson is titled "Tradition or God's Word?" This lesson will help you determine the difference between religious tradition & God's Word. Our Sunday Morning Worship Services begin @ 10:30 a.m. Sunday Night Services begins @ 6 p.m. For more information call Brother Tony Bishop 606-747-5374.

BCMS winners announced for “My Anti-Drug” slogan contest

The Buffalo Trace Agency for Substance Abuse Policy along with the Regional Prevention Center of Comprehend, Inc. and Bracken County Middle School would like to recognize Kaitlyn Bond, Tamiyah Moran, Anna Roberts and Kuper Teegarden as the winners of the 2012 “My Anti-Drug” slogan contest. Each October during Red Ribbon Week, middle school students in the Buffalo Trace region are asked to illustrate what specifically keeps them from using alcohol, tobacco and other drugs. Four students from each middle school are selected and each winner will have his or her artwork reproduced onto a large banner and displayed in his or her county’s showcase. This year’s winning artwork is tentatively scheduled to be on display this fall. The contest, sponsored by the Buffalo Trace Agency for Substance Abuse Policy and coordinated through the Regional Prevention Center of Comprehend, Inc., is a great way to reinforce happy, healthy and drug-free lifestyles among youth. Congratulations to the winners and to all of the students who participated.

BROOKSVILLE UNITED METHODIST WOMEN

After a month break the Brooksville United Methodist Women held our first meeting in 2013. Since our meeting was so close to Valentine's Day our program was on love. Love is something we should show God and each other every day. As it says in Deuteronomy 6 vs. 5-7 "And you must love the Lord your God with all your heart, all your soul, and all your strength. And you must commit yourselves wholeheartedly to these commands that I am giving you today. Repeat them again and again to your children. Talk about them when you are at home and when you are on the road, when you are going to bed and when you are getting up". (Taken from New Living Translation of the Bible).

As part of our program we made Valentine's Day cards to be delivered with meals made at CHEF Ministry, a program where the youth of our church make meals then they are delivered throughout the community. The program and refreshments were given by Rosanna Kellerman and Judy Gibson. Our next meeting is Mar. 7 at 7 p.m.

TRIPLE RIDGE

The Triple Ridge Homemakers met on Mon., Feb. 11 at the lovely home of Sue Lucas in Maysville. Meeting was called to order by Pres. Judith Richards. After the pledge Roberta Shepherd gave a reading on a plant named "love". The thought for the month was "Slow dancing in life is not the same as waltzing".

Roll call was done by Louise Moneyhon with everyone answering to the funniest thing that had happened to them on Valentine's Day. Many interesting answers.

Pres. Richards reported on all the business handled at the council meeting; Donations to the three fire departments; International Meeting in Apr. at the Extension Office on different countries. Millie Bush, guest, explained what they did in their church on this and things of interest. Pres. Richards also reported on the pillow case project. Very successful in our county. Aug. 6-9 state meeting in Lexington; Annual Meeting scheduled for June 27; Recognize anyone deceased in last 5 years from the club. Community Day was discussed. Need a leader. Phyllis Thornbury is in charge of tours. We are planning a Quarter Auction. Something new to most. Guess we will learn!

Margaret Carl led the group in a very interesting and exciting game called "Fidget Family". Of course it doesn't take a lot to excite this group! Good exercise for everyone.

Fabulous refreshments were served by Sue to 16 members and two guests, Henry Fry and Millie Bush. Sorry Brenda Welte was unable to attend. Next meeting is at the home of Karen Russell in March.

TRASH TALK

Howdy Folks! Congratulations to the Augusta Panthers as they are the 39th District Champions for 2013! Polar Bears and Panthers battled hard in a well-coached and well-executed game with the Panthers taking the trophy! While we were unable to attend the game, the excitement of the crowd could be felt over the radio waves and we are proud of both teams. Each represented their schools well and each get to represent Bracken County in the Regional games! Congratulations are in order for the Bracken County Lady Bears as 39th District runners-up who will also be vying for a 10th Region Championship!

With basketball tournaments being held, we don't have to look to the calendar to know that the end of February is here and March Madness is about to begin! Mother Nature is preparing to burst forth with spring as bushes are beginning to bud and the spring bulbs have awakened! Daylight arrives earlier and the sun has begun to set later each evening! Cold weather is still ahead of us, but these indications of warmer weather definitely lift our spirits and put just a little wider smile on our faces! Thoughts of spring always bring thoughts of spring cleaning and hopefully the weather will cooperate for the roll-offs to be brought back. Information on when and the whereabouts of the dumpsters will be forthcoming.

Some folks choose to never follow the rules and continue to use the recycling trailers as their private dumpster. Upon checking the trailer at the Augusta Ball Park last week we were dismayed to remove a five gallon can of tar that was partially used, but also partially opened! That sticky mess got on a lot of the recycling that we had to remove, on the trailer itself and on us! Why

anyone would even think of putting this container into a recycling trailer is beyond our comprehension! While that was the worst mess, we have in various trailers lately removed clothing, some very large pieces of Styrofoam, paint, someone's box of floor sweepings mixed with other trash, laundry baskets and a huge pile of left-over wiring. Of course, our battle cry to break down boxes continues to go unheeded, but we will keep on using it until the war is won!

Along with basketball teams wanting to "cleanup" the competition, the Energy and Environment Cabinet wants Kentuckians to "cleanup" their surroundings by sponsoring Commonwealth Cleanup Week March 16 to 23. Local civic, religious, school or non-profit organizations can do any type of cleanup and enter the state contest for a random drawing of six \$100 prizes. We like to narrow those odds by offering a \$100 prize to anyone who does an outdoor cleaning project in Bracken County during that week and enters our C.U.B. Party (Clean Up Bracken) random drawing for the \$100 cash prize! Due to our unavailability last year, we were not able to sponsor the C.U.B. Party, but we look forward to lots of participation this year!

Keeping our homes, farms, rental properties and businesses litter and debris free is a never-ending job, but it is most rewarding to be able to see the many different shapes and sizes of structures in a clutter-free setting and it is very beneficial to the overall health of the citizens and the environment. As a community, proud of our heritage and hopeful of a better life for our descendants, we need to continue to work to keep Bracken clean in 2013 as we RECYCLE, REUSE and REDUCE to keep God's earth clean, green and beautiful! Be seein' you – *Bin & Bug*.

Beef Quality Assurance (BQA) Trainings

*By David Appelman, CEA
Ag and Natural Resources*

The Bracken County Extension Service will be offering certification programs for Beef Quality Assurance on March 6th at 6:30 PM. This meeting will be held at the Bracken County Extension office.

Beef Quality Assurance (BQA) is an educational program that informs producers of the recommended methods for giving injections, needle selection, handling vaccines, working with veterinarians, and keeping records. Many markets are now requiring producers to have this certification and you must renew your certification after 3 years. The program will take about an hour and a half and will include a test with a fee of \$5.00 which is paid to the KY Beef Network. This fee supports the data base and prints new materials for the program. This program also meets the requirements for the Phase I Cattle Handling and Genetics Programs. If your certification has expired or if you have not received this training, plan to join us on March 6th. This is the final offering of this program until next winter.

We watched two kids make “something incredible happen”

“Somewhere, something incredible is waiting to be known.”

Was astronomer Carl Sagan’s remark simplistic? Look again. In the internet age his was prophesy fulfilled.

Consider the intersect in lives of Jonathan Montanez and Mitchell Marcus in far off El Paso, Texas.

The internet, specifically a 2:42 minute YouTube clip by CBS reporter Steve Hartman, let us witness something incredibly heart warming a few days ago.

Senior Mitchell Marcus has a learning disability so his coach Peter Morales employs him as team manager for the Coronado High School Thunderbirds. In the last home game of the season Morales told the kid to suit up. Marcus was going to play.

Near game’s end, Marcus checked in. On three ensuing possessions teammates got him a chance to shoot and score. Didn’t happen.

Then, as Marcus wandered crestfallen at the other end of the floor, Franklin High’s Montanez stepped out to make an inbounds pass to a teammate. Instead, Montanez shouted at Marcus, got his attention, and committed the turnover of a lifetime ... tossed him the ball. Marcus turned and scored, the crowd rushed the floor.

Afterwards Montanez told Hartman, “I was taught to treat others the way I would want to be treated. I wanted Marcus to have his chance.”

Carl Sagan was right.

ALEX POYTHRESS

Love a good blue collar scrum when necessary, don’t you? One of those hell-bent-for-leather dives into a pile of opponents to wrestle possession of a basketball at the eleventh hour. Or, take ownership of a crucial rebound, or make a pressure foul shot.

But Alex Poythress? Chance of seeing a get-on-the-floor loose ball from this one-and-done projector, looked dim. In fact, the light bulb above Poythress’ head has seemed a few watts short.

Then came the Missouri game. Number 22 was on the floor, running 94 feet and on the rebound boards too. Baseline drives, follow shots, foul shots. Poythress had numbers 21 points, seven rebounds, two assists and five dives-on-the-floor. Who knew?

45 GOOD MINUTES SPOILED?

Kentucky’s season-saver(?) win over Missouri last week was a gem. Game added heft to John Calipari’s claim: “See, fellas, this is what you guys can do together!”

The Wildcats had their win over a quality opponent and quality numbers too. 90 points, 50.9 percent shooting, four double-figure scorers, 16 assists,

Polar Bears, Cheerleaders honored at Senior Night

Pictured left to right: Austin Ray, Eli Florer, Grant Crawford, Philip Jefferson, Chad Stephenson, and Connor Holleran.

Photo submitted

On Tuesday, February, 12, the 2013 Polar Bear Senior Night activities were held at the Bracken County High School. Senior night is a time to celebrate the end of a high school career but also a step to the future.

Recognized were Polar Bears, Grant Crawford, Eli Florer, Connor Holleran, Philip Jefferson, Austin Ray, and Chad Stephenson.

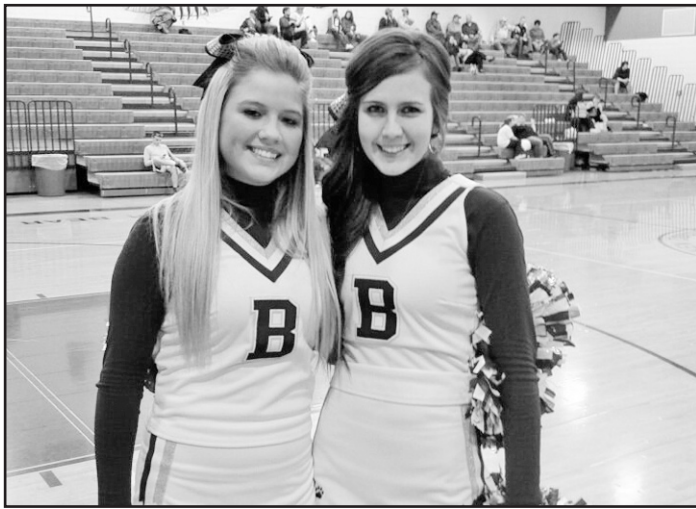

Grant Crawford is the son of Bobby and Angie Crawford.

Eli Florer is the son of Stacey Florer and Shanna Whalen.

Connor Holleran is the son of Paul and Yvonne Holleran.

Philip Jefferson is the son of Rick and Margaret Jefferson.

Austin Ray is the son of Deron and Jenny Ray.

Pictured left to right: Allison Jefferson and Victoria Smith.

Photo submitted

Chad Stephenson is the son of Dave and Lisa Stephenson.

Also recognized were senior cheerleaders Allison Jefferson and Victoria Smith.

Allison Jefferson is the daughter of Henry and Trisha Jefferson; and Sandy Jefferson.

Victoria Smith is the daughter of Holly and William Ruf and Anthony Smith.

After the seniors and their parents were recognized, the crowd was treated to a senior tribute powerpoint prepared by BCHS teacher Tracy Ellen Florer.

nine blocked shots, and Archie Goodwin stopped pouting and Alex Poythress showed up.

Kentucky had its awful moments too – allowed run free lay-ups; Willie Cauley-Stein still can’t make foul shots; and Goodwin’s seven turnovers are still unacceptable.

For now, Kentucky climbed back into Big Dance conversation without the tiresome “last four out” baloney.

45 minutes spoiled?

How could a platinum performance at Rupp Arena have a spoil factor? Unless you were one of 24,380 fans inside, ESPN forced you to use the mute button.

Dick Vitale, even at a barely audible rasp, was as annoying as ever. Kentuckians had an entertaining blue collar game to watch, one at a brisk pace, with possession-by-possession drama and camera look-ins at Calipari on the sideline.

Alas, behind the microphone, flailing along behind the action and describing the obvious too late, was Vitale.

Was a good 45 minutes spoiled. Unless, you had a remote in hand.

Epilogue. Since Jim Valvano gave him a cause and ESPN gave him a microphone, Vitale has done noble things, used his

bully pulpit to crusade for cancer research.

But fans deserve intelligible game analysis with sparkle. ESPN sentimental attachment to Vitale has no relevance out here.

Vitale should be retired.

STEP UP TIME

In Louisville, Bowling Green and Murray it’s step up time.

√ The Cardinals are in ideal position to not only earn a Big Dance number one seed, but prime themselves for a big mo run – Syracuse, Cincinnati, Notre Dame and the Big East Tournament.

√ The over .500 Hilltoppers (15-14) having South Alabama and Middle Tennessee at home this week, Western could roll into the Sun Belt Tournament much as it did last year. Topper fans know how that worked out.

√ Murray’s Racers are almost certainly headed to the NIT. Only if Belmont falls in the OVC Tournament, and Eastern Kentucky also, can the one-bid OVC send Murray to the Dance.

WHO IS JOE LUNARDI?

There can be little argument the fuse that lights March Madness’s dynamite is Selection Sunday. An afternoon and evening when fans gather, hold their collective breath, “who’s dancing and who’s going to the NIT?”

Before any of the official stuff, ESPN tries to upstage CBS’s big show, by giving fans Joe Lunardi.

Who is Joe Lunardi?

- Man is credited with inventing the word Bracketology.
- Saint Joseph’s University assistant vice president for marketing communications and color analyst for men’s basketball.
- In 2008 Lunardi predicted correctly all 65 teams for the Big Dance. He named 63 in 2009 and 64 in 2010.

Impressive.

Thanks Joe Lunardi for Bracketology, But the “last four in, first four out,” is annoying. And, many of us prefer suspense with our Selection Sunday traditional (on CBS), with analysis to follow on who’s dancing and who wuz robbed.

JULIUS MAYS

Never mind one-and-done, applause please for the graduate student?

At Kentucky, Julius Mays. His 24 points, six rebounds, three assists and eight of nine foul shots at crunch time sparkle well enough, but the real glitter

is that Mays’ clutch shooting helps Archie Goodwin’s game and stretch defenses for Kyle Wiltjer.

Quite a life change. Mays gets a year at Kentucky which gets him a chance to play for pay. Before that, a Senior Day send-off by fans March 9, he will treasure all his life.

And so it goes

Sports

Panthers beat

Royals 72-61

The Augusta Panthers began their postseason with a win or go home matchup with the Mason County Royals. This would be the first time the two squads got together since the district final last year that the Royals won, 72-71. With the help of a couple threes Mason County would jump out to an early lead about halfway through the 1st quarter going up 11-5. But it wouldn’t take long for the Panthers to come back and tie the game at 11, then again at 13 and take a lead they would never relinquish at 15-13. With the time winding down in the quarter, Brent Bach would drain a 25-foot shot just before the buzzer to put Augusta up 18-13. In the 2nd quarter Mason County would get as close as 1 but each time Augusta needed a basket to extend the lead they got it. The Panthers led by 5 as the quarter was coming to a close. All eyes were on Bach as everyone expected him to take the last shot but instead he drove to the basket, fired a pass out to Owens Crawford, who dished to Connor Maddox who beat the buzzer with a three pointer to put Augusta up 33-25 at the break.

In the 3rd quarter the Panthers continued their hot shooting and pulled out to their

largest lead of the night (17 pts) on a couple of occasions before a late basket made the score 57-42 going into the 4th quarter. The Royals weren’t done though. As expected Mason County had a run on them in the final quarter. They didn’t waste any time scoring early and often and going on a 17-6 run that took most of the quarter, pulling to 63-59 with just over 2 minutes to go. The Panthers stepped to the line and hit the free throws they needed to grind this one out. When the dust cleared the Panthers had their 20th win of the season, 72-61. The historic win was the first over Mason County snapping a 28 game skid. They also kept Mason County from the 10th region tournament for the first time since 1997. They also put themselves in position for their first 39th district championship and their 3rd straight 10th region tournament appearance.

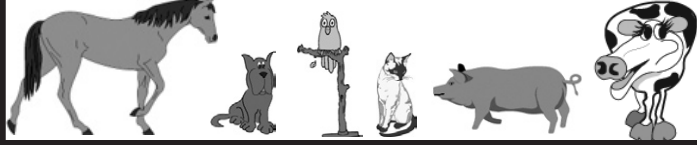

Scoring vs. Mason County: Bach 31, Maddox 15, Kelsch 13, Crawford 6, Snapp 5, Staggs 2.

ACT test is Tuesday, March 5

Eleventh grade students across the state will be taking the ACT on Tuesday, March 5 at no charge. The ACT is a college entrance/preparedness exam in the areas of English, mathematics, reading, and science. The scores students receive on the state testing date will be considered official ACT scores which students can use for college and scholarship applications. Scores on the ACT range from 1 to 36 with 36 being a perfect score. The state administered ACT will be an entirely multiple choice exam lasting two hours and 55 minutes with a brief break between tests two and three. Students are encouraged to answer all questions, and when given the five minute warning on each test to guess on remaining questions for which they are running out of time to answer. Students should leave nothing blank. Practice exercises, as well as additional information about the ACT can be accessed at www.actstudent.org. As always students are encouraged to get a good night's sleep the night before the test and eat breakfast. A high ACT score can open the door to extraordinary scholarship opportunities. The faculty and staff of Bracken County High School wish our students the best of luck on the ACT.
